ABOUT

MICHAEL NOWAK

I'm Michael Nowak and I'm a commercial lifestyle, product and car photographer.

I have years of experience working in media, marketing and finance industries in various capacities. I worked for MTV, Orange, Axel Springer Group, Budimex/Ferrovial, K2 Internet and other brands.

I'm a strong communicator, easy to work with, a fire&forget type of crew member.

TESTIMONIALS

“Michael was very proactive, handling logistics around our photoshoot.

During the photoshoot, he was able to build rapport with everyone, which contributed to the final result.

Michał is enthusiastic and energetic, and his approach affects everyone around. We managed to do all planned photographs within our limited timeframe. Final images were edited according to previously agreed style and within the budget.”

— Zuzanna Makowska, Head of Marketing at Evojam

„Michael worked with us on a two-day ad shoot where he made product and actor photos.

He adopted fast to changing circumstances and locations and changes in the vision for the final images. He incorporated the feedback he received and he cooperated with a client, their advertising agency, and all the creatives on the project: set builders, stylists, producers, and actors.

I recommend Michael for dynamic and complex commercial photoshoots.”

— Adrian Pawłowski, Owner, Producer FILM FICTION Sp. z o.o.
